

Instruction Guide

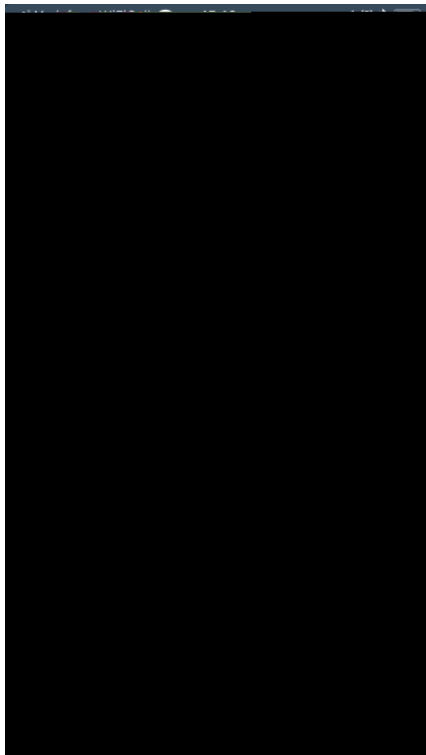

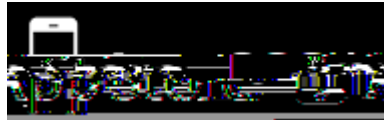

MyQMU

We are delighted to bring you your newly created, dedicated mobile app for Android and Apple IOS.

We pride ourselves on providing a user-friendly experience. Below please find a full overview of MyQMU, where to find it, how to use it and which features you will find in it.

When you open the app you will be prompted to enter a Username and password. _____

You can use the app with any internet connection. Your username and password will be stored on your phone in encrypted format.

The next time you open the app you will not be asked for your username and password. If you want to secure the app from access go to the More page and tap on the Logout button.

Each page has a main title bar at the top with the name of the page and a menu bar at the bottom to select other pages.

When you first open the app you will be asked for your username and password. Once logged in you will remain logged in until you specifically logout using the Logout button on the more page. You can close the app and reopen the app without having to login again.

Some of your data will be stored on the phone in encrypted form. While you are logged in you can continue to use the app even if you have no internet connection including viewing your entire years timetable. You will be able to use all functions of the app with the following exceptions.

This page displays the Cash balance on your Smartcard, your

The More page will display options for further pages such as Attendances, Assessments, 1875 Menu, Useful Links etc.

This page has details of todays menu at 1875. You can browse through the menus for each day of the week.

A list of useful links.
